

**Natural
Solutions**

**Wood
Flooring**

Our high quality, hardwood flooring offer a variety of colours, styles and finishes in timeless, natural wood.

Using natural oils and lacquers enhance the appearance and give subtle variations in sheen and hue. Whilst UV varnishes add strength and protection to help prevent damage from sunlight and everyday wear.

Primarily made from oak, these ranges can be used across a variety of installations and all wood used is managed and traceable to comply with sustainable forestry management regulations.

**Natural
Solutions**

**Laminate
Flooring**

The laminate floor collections range from traditional wood to contemporary styles including concrete and stone effects.

Stylish and hard wearing, our Natural Solutions laminate ranges are ideally suited for their practicality and aesthetics.

Easy to clean and maintain, these natural feel planks simply click together giving you a professional finish with the minimum of fuss. Also available in Herringbone and with a full range of accessories to finish off.

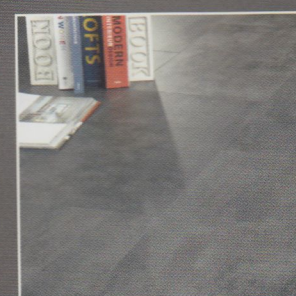

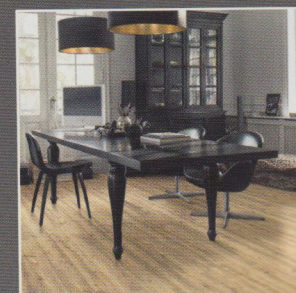

**Natural
Solutions**

**Luxury
Vinyl Tile**

LVT is naturally warm to the touch and possesses excellent sound and heat insulation properties creating a feeling of tranquillity to a room.

Every LVT floor authentically captures the character, details and textures of natural materials.

LVT also has the added benefit of an impact proof Superguard PU layer to improve durability, wear and performance. All LVT ranges are slip resistant, moisture resistant, hygienic and easy to clean.

Natural Solutions by Furlong Flooring is our collection of stylish, high quality, smooth flooring.

With natural solid wood, engineered wood, laminate and Luxury Vinyl Tile ranges to choose from, you'll be spoiled for choice.

Each collection is displayed on innovative modular stands and complemented by a full range of accessories including underlay, adhesives, trims and maintenance kits, helping you to care for your investment.

Ask your rep for further details.

Wood floor aftercare kit - all you need in one box

Our Woca Kits provide all items required for general Maintenance on Hard Wood Flooring.

The boxes include; Wood Cleaner(1L), Natural Soap to suit finish(1L), Maintenance Oil to suit finish(1L), 1 Cleaning Pad, 1 Cleaning Cloth, a spray bottle for easy application and full instruction leaflet. A 1L Bottle covers 200- 300 sq.m / 2100- 3200 sq.ft.

White - for white oiled floors

Natural - for all oiled floors

Multi-purpose - for lacquered, LVT & vinyl floors

ALL COLOURS
£32.95
EACH

Stain Bottles

Furlong Flooring now offer 100ml stain bottles which match every colour of our accessories.

ALL COLOURS
£6.00
EACH

COMPLEMENTARY ACCESSORIES

Furlong Flooring offer complementary accessories for every wood item available.

Pre-finished hardwood profiles can be used in a vast array of applications.

The various profiles can be adjusted and adapted in height to provide a neat and smooth transition from one surface to another. Whether the floors meet at the same level or different, there is always a profile to provide a solution.

Colours (Price band A)			
Antique Oak	Coffee Oak	Light Oak	Silver Grey
Arctic White	Cognac Stained Oak	Next Step Grey	Smoked Oak
Auburn	Copper	Nutmeg Oak	Smoked Stained Oak
Black Oak	Cured Oak	Old Oak	Sodium
Calcium	Grey Mist Oak	Scandic White Oak	

Colours (Price band B)	
American Walnut	Oxygen
Chromium	White Limed Oak
Cobalt	White Oak
Ivory White Oak	Zinc
Nickel	

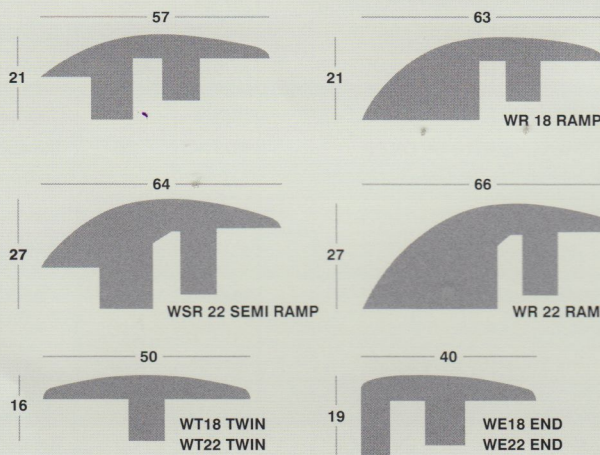

Profiles

Furlong Flooring pre-finished profiles are ideal for use with carpet, laminate, engineered and solid wood flooring types. Providing a natural solid wood finish with no visible fixings.

Base tracks of different heights are supplied with each profile.

Finish bands indicate differences in depth of the stain and the price. The profiles can be purchased individually or in tubes at discounted prices.

To ensure accurate ordering please quote the code and height of the item required, e.g. WT18 Wood Twin 15-18mm height.

Complementary Pipe Covers

Furlong Flooring pre-finished hardwood pipe covers are ideal for use with engineered and solid wood flooring types. Provides a natural solid wood finish around areas where pipes are required to run through floors.

Covers holes or gaps up to approximately 48mm. Pipe Covers are a two part jigsaw system, laser cut from one piece.

When the two pieces are together, the seam is virtually invisible.

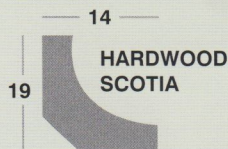

* Pipe covers are available in pairs only.

Band A	Band B
5.50	7.85

Scotia

To complement the profiles and nosing sections, Furlong Flooring also offer a range of hardwood Scotia.

Band A	Band B
11.50	15.12

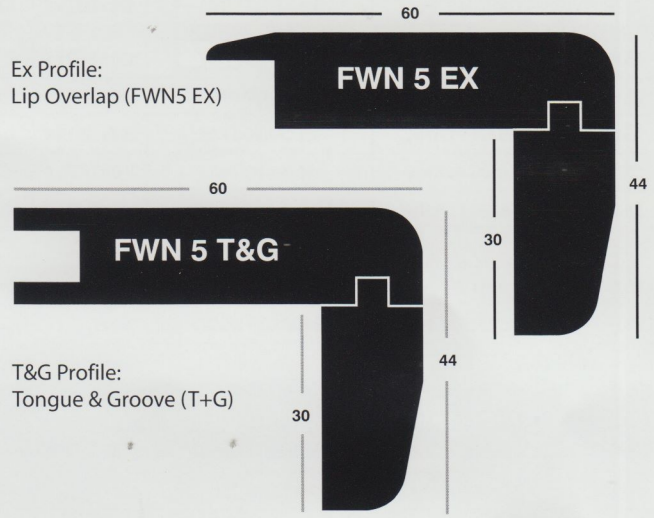

SPECIAL ITEM ORDER FORM - NOSINGS

Pre-finished hardwood nosing profiles are ideal for use with laminate, engineered and solid wood flooring types. Provides a natural solid wood finish on stair cases. Designed to either lip over the edge of flooring to allow expansion (EX Profile) or interlock with the tongue on the floor board (Tongue & Groove) leaving a smooth transition from flooring to nosing.

(Bulk discounts or Autumn Offer does not apply to Nosings)

WOOD AND LAMINATE UNDERLAY

Ideal

Lightweight PE foam wood underlay with extra moisture protection

Totally dry

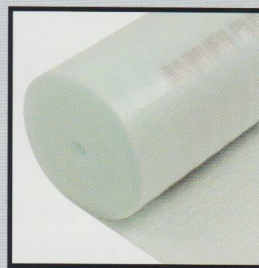

With a vapour barrier on both sides and a double overlap, Ideal is even better protected against rising moisture, keeping your floor totally dry.

Impact protection

Ideal feels comfortable under your feet – whilst protecting your floor against excessive wear and high impact damage.

Lightweight and easy

The lightweight material makes it so easy to move around and handle – saving you time and effort during installation.

Available in

Code 1237
Size 1m x 15m (15m²)
Thickness 3mm

Cushioning

Premier Plus

Top quality acoustic underlay with 3mm thick natural rubber

Movement free

With high density, fleece-backed natural rubber, Premier is extremely stable and helps to reduce movement causing wear and tear to your flooring.

Soundproofed

Made from dense materials, this underlay offers real acoustic performance, reducing noise levels to make any room more comfortable.

Totally dry

The silver vapour barrier film protects your floor covering against damp – preventing moisture rising up from the sub-floor.

Thermo

PE foam underlay for underfloor heating with added moisture protection

Hot love

Featuring a unique perforated design and with a tog value of just 0.303, Thermo helps your underfloor heating system work at its best – keeping you cosy and warm!

Totally dry

Thermo possesses a built-in vapour barrier with overlap that prevents moisture rising up from the sub-floor, keeping your room damp-free.

Lightweight and easy

The lightweight material makes it so easy to move around and handle – saving you time and effort during installation.

EvenBoard

Lightweight XPS panels to eliminate uneven subfloors and improve insulation

Another level

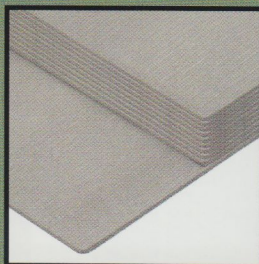

As well as providing excellent insulation, EvenBoard provides a level subfloor for your floor covering. Smoothing out uneven areas to offer stable support and help your floor last longer.

Excellent insulation

With great thermal insulation – 2.15 TOG – EvenBoard is perfect for use on cold subfloors. With Evenboard, cellars and basements feel so much cosier and usable.

Easy to fit

Easy to line up, cut and fit – EvenBoard is made from modern polystyrene material, saving you time and effort wherever you're installing it.

Luxury Vinyl Tiles

A choice of two backing types

Click.

Designed to lock into place for faster and easier installation.

If you are looking to install your flooring quickly and with minimal effort, then specifying Click technology is a must.

Click technology removes the need for adhesive and timely room preparation, meaning your new floor can be installed in no time. Click is a revolutionary, easy-to-install technology that is ideal for those with a busy lifestyle.

Dryback.

For fully adhered installation using either Xtrafloor™ adhesive or Xtrafloor™ FlexPro on a solid, smooth subfloor.

Dryback is an alternative format of LVT flooring, which is glued to the floor and is recommended to be installed by a professional.

For optimum performance, it is important that it is installed in accordance with the instructions.
