Natural Solutions

Natural Solutions by Furlong Flooring is our collection of stylish, high quality, real hardwood flooring. Consisting of ten ranges, they offer a variety of colours, styles and finishes.

Using natural oils and lacquers enhance the appearance and give subtle variations in sheen and hue. Whilst UV varnishes add strength and protection to help prevent damage from sunlight and everyday wear.

Primarily made from oak, these ranges can be used across a variety of installations and all wood used is managed and traceable to comply with sustainable forestry management regulations.

Accessories that complement our ranges

Natural Solutions offer a full range of accessories including hardwood trims, stairnosings, bases, scotia and pipe covers. All accessories are designed to complement the colours of our wood products. **Winter Offer! 20% off all accessories when purchased with an order for Wood or Laminate flooring.**

Aftercare

Our WOCA maintenance kits are available for all lacquered, UV oiled and white oiled floors. Preserve the look and integrity of your wood floor for many years to come.

UNDERLAY

Ideal

Lightweight PE foam wood underlay with extra moisture protection

Totally dry

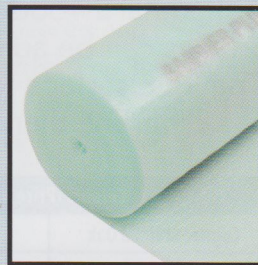

With a vapour barrier on both sides and a double overlap, Ideal is even better protected against rising moisture, keeping your floor totally dry.

Impact protection

Ideal feels comfortable under your feet – whilst protecting your floor against excessive wear and high impact damage.

Lightweight and easy

The lightweight material makes it so easy to move around and handle – saving you time and effort during installation.

Premier

Top quality acoustic underlay with 3mm thick natural rubber

Movement free

With high density, fleece-backed natural rubber, Premier is extremely stable and helps to reduce movement causing wear and tear to your flooring.

Soundproofed

Made from dense materials, this underlay offers real acoustic performance, reducing noise levels to make any room more comfortable.

Totally dry

The silver vapour barrier film protects your floor covering against damp – preventing moisture rising up from the sub-floor.

EvenBoard

Lightweight XPS panels to eliminate uneven subfloors and improve insulation

Another level

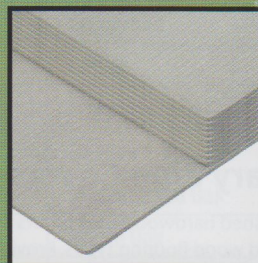

As well as providing excellent insulation, EvenBoard provides a level subfloor for your floor covering. Smoothing out uneven areas to offer stable support and help your floor last longer.

Excellent insulation

With great thermal insulation – 2.15 TOG – EvenBoard is perfect for use on cold subfloors. With Evenboard, cellars and basements feel so much cosier and usable.

Easy to fit

Easy to line up, cut and fit – EvenBoard is made from modern polystyrene material, saving you time and effort wherever you're installing it.

COMPLEMENTARY ACCESSORIES

Furlong Flooring offer complementary accessories for every wood item available.

Pre-finished hardwood profiles can be used in a vast array of applications.

The various profiles can be adjusted and adapted in height to provide a neat and smooth transition from one surface to another. Whether the floors meet at the same level or different, there is always a profile to provide a solution.

Colours (Price band A)			
Antique Oak	Cognac Stained Oak	Light Oak	Smoked Oak
Arctic White	Copper	Nutmeg Oak	Smoke Stained Oak
Auburn	Cured Oak	Old Oak	Sodium
Black Oak	Dark Oak	Scandic White Oak	
Coffee Oak	Grey Mist Oak	Silver Grey	

Colours (Price band B)	
American Walnut	White Limed Oak
Chromium	White Oak
Cobalt	
Ivory White Oak	
Oxygen	

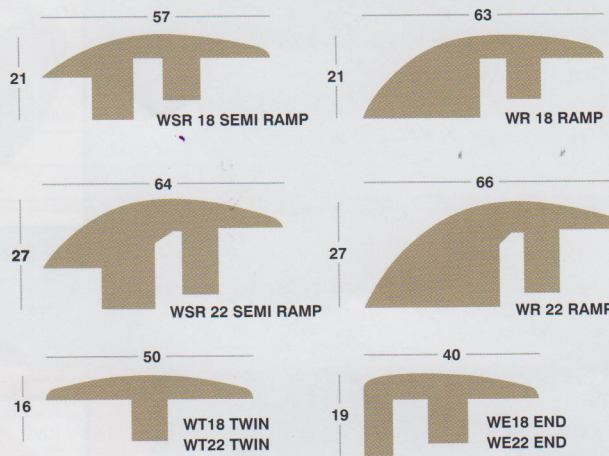

Profiles

Furlong Flooring pre-finished profiles are ideal for use with carpet, laminate, engineered and solid wood flooring types. Providing a natural solid wood finish with no visible fixings.

Base tracks of different heights are supplied with each profile.

Finish bands indicate differences in depth of the stain and the price. The profiles can be purchased individually or in tubes at discounted prices.

To ensure accurate ordering please quote the code and height of the item required. e.g. WT18 Wood Twin 15- 18mm height.

Special Item Order Form - Nosings

Pre-finished hardwood nosing profiles are ideal for use with laminate, engineered and solid wood flooring types. Provides a natural solid wood finish on stair cases. Designed to either lip over the edge of flooring to allow expansion (EX Profile) or interlock with the tongue on the floor board (Tongue & Groove) leaving a smooth transition from flooring to nosing.
