Artificial Grass

Installation Guide for Artificial Grass

How much do I need?

Measure the area you intend to cover, then using the available widths calculate the length you need. If joins are required the pile direction on the grass should go in the same direction. Please bear in mind as with carpet there will be a shade difference from batch to batch.

How do I prepare the surface?

For existing lawns and soil remove to a depth of 10cm. If required install a weed membrane. Add a 5mm to 20mm layer of coarse crushed aggregate. Insert any stakes or batons for edges at this stage, normal size baton would be 100mmx 25mm. Compact the aggregate with either a roller or compactor (available from most tool hire centres). Add a layer of grit sand then either roll or compact again.

For wooden decking, stone, tarmac and concrete where possible ensure the surface is level, however if you are preparing a new surface please allow an incline for drainage.

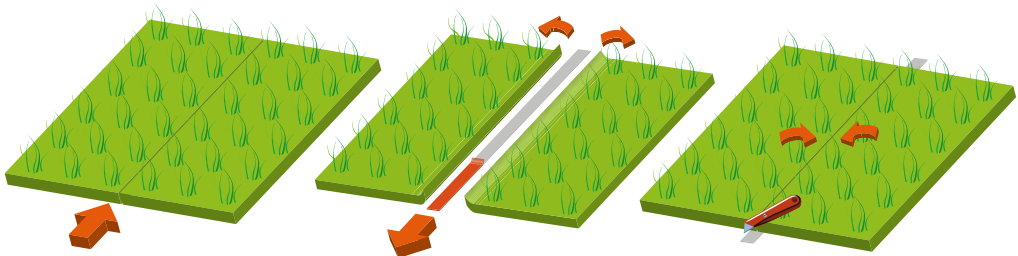

How do I fit the artificial grass?

Now that your surface preparation is complete you should first check the artificial grass. If it comes with a black selvedge remove this with a straight edge and Stanley knife. Roll the grass over your surface; be sure to pull it tight to ensure a smooth fit. For large contract work joins should be made using our SP Tape and either Greenbond or F74 adhesive where the installation is subjected to surface water. F3 is suitable where there is no surface water issue. Ensure the pile direction is the same then trim down the edges to be joined with a Stanley knife. With the grass join in place, view the joint and ensure before any adhesive is applied that you cannot see any gaps. Fold the edges of the grass back and lay the joining tape along the full length of the joint. Apply the adhesive to the tape and then spread the adhesive ensuring there is sufficient to bond the full surface, not just the ridges. Fold the grass back onto the adhesive ensuring that any adhesive that gets onto the grass is immediately removed, weight the joint down until fully cured. For wooden decking, stone, tarmac and concrete ensure the surface is clean and smooth. Apply either spots or a bead of the adhesive to the surface adhesives. Weight the edges until the adhesive is fully cured.

What about supply only?

If you are supplying the grass and are not involved in the installation it is vitally important to give your customer the right advice. If they are to join the product we recommend you supply them our Lawn-Fix tape for any joint work. This is a pressure sensitive tape designed for small leisure areas. With the adhesive and tape already combined this is the easiest and quickest of the seaming options. The roll is 20m in length by 150mm wide. Please see diagram below for tape use. F74 and F3 should only be used by professional floor layers due to the nature of the adhesive.

DIY and General Use

1. Roll out the artificial grass in parallel strips so the edges are touching
2. Bend the edges back and install the tape between the rolls where the seam will be folded: adhesive side up. Remove the protective foil.
3. Fold the edges back onto the tape ensuring that the grass fibres do not touch the surface of the adhesive. Press the seam firmly and remove the excess tape.

balterio
no ordinary floors

You expect a floor that will last, that's exactly what you get: the best price-quality ratio and long-lasting warranties. A Balterio floor is strong and stable. It is wear, scratch and impact resistant. And compatible with underfloor heating and cooling.

NEW Traditions

100 % waterproof surface

A truly authentic feel

START SMART WITH THE RIGHT UNDERLAY

Great results begin with good preparation. A Balterio underlay is indispensable before installing a laminate floor. It levels subfloor irregularities, functions as a damp screen and has a sound-insulating effect.

BOOST PLUS £ 25,99/each

Engineered Wood Flooring

REVOLUTIONARY FLOOR TECHNOLOGY
Compared to a solid wood floor, Kährs' multi-layer construction is 75% more stable.

GLUELESS LOCKING JOINT
The Woodloc® locking joint provides a stronger floor and a faster installation.

UNDERFLOOR HEATING
Floors from the Kährs ranges are suitable for installation above underfloor heating systems*

*Beech and Maple floors not recommended with UFH.

VIVO

CLICK VINYL COLLECTION

The VIVO collection by Leoline takes everything you love from our cushion vinyl floors and adds the presence of a semi-rigid plank for a look that instantly transforms the home. Unlike some vinyl plank floors, VIVO requires no glue and so it's easy to fit, just click each plank to the next for a fabulous looking floor in no time at all.

FG1TM
FLOORING GRADE PLYWOOD

Just when you thought it wasn't possible, we've raised the bar

EVEN HIGHER.

FG1TM FLOORING GRADE PLYWOOD

The first panel to go far beyond British Standard BS 8203:2017 — now Diamond Mark Certified. You won't find a better panel in the UK for flooring applications.

FG1TM Plywood from Lionvest is the first plywood panel in the UK not only to be fully compliant with the new specifications listed in Annex A of BS 8203:2017 — but also to fully exceed them. Now with Diamond Mark Certification, FG1 just went stratospheric.

For total piece of mind and to ensure successful floorlaying and subfloor preparation, FG1 is the **ONLY** plywood you'll need. Don't lay another floor until you've first laid FG1. Available in 5.5, 9 and 12mm. Don't accept imitations.

www.fg1.co.uk

FG1TM is a brand of Lionvest (UK) Ltd

Altro wall cladding

Altro Whiterock™ PVCu sheet – extruded PVCu range

Altro Whiterock hygienic PVCu is a semi-rigid sheet system which provides a hygienic solution with exceptional resistance to impact and up to Class 0 Fire Rating when fitted to a non-combustible substrate. It is a very dense, impervious material, which resists chipping and cracking and is almost maintenance-free. Careful detailing minimises the effects at joints and eliminates bacteria traps. If in doubt – please contact Altro who will assist you in the correct selection of materials.

Altro Ensemble™ Modular Flooring System

Altro Ensemble is a Modular Flooring System, giving you the opportunity to create stunning floor interiors with a natural look and feel. Altro Ensemble gives you design freedom with the reassurance of the guarantees and durability you expect from Altro. Altro Ensemble has 15dB and it offers comfort underfoot. With four modular sizes, you can mix and match to create unique patterns utilising colour, texture and design.

Adesilex G20	For bonding thin rubber flooring, semi-flexible homogeneous & heterogeneous vinyl tiles & sheet, textile & linoleum	5kg	£37.14
		10kg	£68.61
Adesilex VZ	For instant bonding of PVC, also suitable for cork	5kg	£61.53
Ultrabond Eco 170	For bonding textile floor coverings	15kg	£49.69
Ultrabond Eco 380	For bonding vinyl flooring	15kg	£58.42
Ultrabond Eco Fix	Solvent-free, pressure sensitive adhesive with permanent tack	15kg	£89.88
Ultrabond Eco Tack	For the non permanent installation of carpet tiles	15kg	£80.57
Ultrabond Eco VS90 Plus	For bonding vinyl, rubber, linoleum and carpet	5kg	£21.69
		15kg	£52.37
Ultrabond Eco 4 LVT	Fibre reinforced high temperature acrylic adhesive designed specially for LVT	16kg	£57.10
Ultrabond Eco V4 SP	Universal high performance adhesive for resilient floor coverings	15kg	£70.90

Wood Flooring	Description	Pack	Price
Ultrabond Eco S940 1K	For bonding engineered boards & medium-sized solid wood. Ideal for heated screeds	15kg	£77.09
Ultrabond Eco S955 1K	For all types of engineered & solid wood flooring. Ideal for heated screeds	15kg	£88.16
Ultrabond P990 1K	One component solvent free polyurethane adhesive	15kg	£95.50
		0.9kg cartridge	£8.89
Ultrabond P902 2K	Two-component, epoxy-polyurethane adhesive for bonding all sizes and types low solvent. Suitable for heated screeds	10kg	£48.34
Ultrabond S997 1K	For installing engineered wooden floors with beads of adhesive, wooden stairs and wooden baseboards	Single pack 20 pack	£7.71 £154.02

PRIMERS & SURFACE MEMBRANES

	Description	Pack	Price
Eco Prim Grip	Ready-to-use bonding promoter & primer. For non-absorbent subfloors	5kg	£32.01
		10kg	£57.61
Eco Prim T	Solvent free acrylic based primer	5kg	£35.59
		20kg	£132.68
Mapeproof ESM	Two component solvent free pure epoxy surface membrane. Suitable for heated screeds with a 2x coat system	1kg	£21.03
		6kg	£95.66
Mapelay	Waterproof anti-fracture PVC glass fibre-reinforced canvas	50m	£645.73
Mapeproof 1K Turbo	One-component, solvent free, rapid drying polyurethane surface membrane	10kg	£179.82
Mapeproof One Coat	Two-component, single coat. Suitable for use on heated screeds (except for wood)	7kg	£74.49

CRACK REPAIR & LEVELLING COMPOUNDS

	Description	Pack	Price
Eporip Turbo	Fast hardening, two-component polyester resin for sealing cracks in screeds	508g	£48.41
Latexplan Trade	Trade levelling; protein-free with low odour & high compressive strength for 3-10mm thickness	30kg	£20.00
Latexplan Trade Fast	Two part rapid drying protein free with low odour & high compressive strength for 3-10mm thickness	24kg	£25.09
Latexplan No Ammonia	Two-part smoothing & levelling compound suitable for use over old adhesive residues including bitumen	24kg	£26.52
Ultraplan Eco 3210	Ultra-fast hardening levelling compound with very low VOC for 3-10mm thickness	20kg	£20.24
Ultraplan Maxi 3230	Ultra-fast hardening levelling compound with very low VOC for 3-30mm thickness	25kg	£28.93
Ultraplan Renovation Screed 3240	A fibre reinforced levelling compound for use with refurbishments. For 3-40mm thickness	25kg	£20.26
Fiberplan	Ultra-fast hardening, fibre reinforced levelling compound with low VOC for 3-30mm thickness	25kg	£35.96

Prices valid from 1st March 2019

TERMS & CONDITIONS

Prices: These are exclusive of V.A.T., taxes and duties and subject to variation without notice.

Products ordered for immediate delivery shall be charged at the price on the Acknowledgement of Order. Products ordered for a later date shall be charged at the price shown in the tremco illbruck Price List applicable at such date.

Orders are accepted only by tremco illbruck's written acknowledgement and subject to tremco illbruck's Terms and Conditions of Sale, which are available on request.

Settlement: Net Monthly Account.

Handling and Carriage Charges: Orders over the value of £350 are delivered within mainland Great Britain carriage paid on a 48 hr basis. For orders less than this there is an additional charge of £50 per order. This will be waived for goods collected from the tremco illbruck warehouse. 24 hour deliveries will be charged at £45. AM deliveries incur an additional charge of £10; however, for deliveries before 10.30 am, there is an additional charge of £20. Prices are exclusive of vat. Full terms and conditions available on request. Deliveries outside mainland UK may incur additional costs - please contact customer service for details.

*Coverage can significantly vary, please refer to the product data sheet.

**When used in a 2 coat application. Coverage may vary for 1 coat only application, please refer to the product data sheet.

UZIN. THE FLOOR BELONGS TO YOU.

Contract

CARPET COMPLAINTS

In the unfortunate event of a carpet supplied by ourselves being the subject of a fitted complaint, the following information should be carefully noted.

SHRINKAGE ON WILTONS

No claim will be accepted on any Wiltons unless they have been given time to acclimatise prior to fitting in accordance with BS 5325 1983. In order to reduce the incidence of “shrinkage” complaints, we recommend that wilton carpets are unwrapped and **loosely** re-rolled on receipt from us and then allowed to relax for 48 hours before being fitted.

STAIR CARPETS

When installing carpet on stairs, the underlay used should cover both tread and riser and be tightly butted to the carpet gripper, if used, and if the textile floor covering does not closely fit at the perimeter, the underlay should be cut undersize by 10mm less than the width of the textile floor covering.

PILE PRESSURE

All pile carpets, especially plain grounds are liable to shading, that is to show light and dark patches arising from unequal crushing of the surface. Light and delicate carpets are liable to become soiled in wear and so apparently to lose colour. No care on the part of the manufacturers can obviate these tendencies which are inherent in all pile fabrics, nor can we accept any responsibility in connection with the same.

FITTING CHARGES

We do not accept fitting charges following the re-fitting of replacement material. All credits are restricted to material value only.

InstaLay®

InstaLay is a self-contained rubber crumb underlay system that simplifies installation by reducing sub-floor preparation and eliminating the need for adhesive.

InstaLay 25 – No adhesive

2.5mm underlay designed for double stick applications (no pre-applied adhesive). Suitable for all floor coverings.

InstaLay 25hg – High grab adhesive

2.5mm underlay with permanent self-adhesive bond. Ideal for LVTs (dry back) and woven vinyl tiles.

InstaLay 30lg – Low grab adhesive

3mm underlay with non-permanent self-adhesive bond. Ideal for carpet tiles, LVT's (click), engineered wood (click) and laminate (click) installations.

 **InstaFloor®**
SUPPORTING YOUR WORLD

InstaLay 30hg – High grab adhesive

3mm underlay with permanent self-adhesive bond. Ideal for LVT (dry back), solid/engineered wood (tongue and groove), and broadloom carpet installations.

InstaLay 50lg – Low grab adhesive

5mm underlay with non-permanent self-adhesive bond. Ideal for carpet tiles, engineered wood (click) and laminate (click) installations.

InstaLay 50hg – High grab adhesive

5mm underlay with permanent self-adhesive bond. Ideal for solid/engineered wood (tongue and groove) and broadloom carpet installations.
