NATURAL LUXURY FLOORING

Dear valued customer,

Please find enclosed a new price list from ITC Natural Luxury Flooring, which replaces the March 2015 list. We are delighted to announce there are **no price increases** to current ranges, but as we have recently introduced new Rugs and made a couple of adjustments to existing collections, an amended price list has been produced.

The Sales team Information has also been updated, as Martin Gorny has recently joined us to represent the South West.

New Rugs

- Catania:** 100% New Zealand Wool in 5 colours. Dual side use.
- Gaudi:** Hand knotted 100% Viscose in a vibrant design.
- Lima:** 100% Polypropylene flat weave in 6 neutral colours.
- Monaco:** Faux silk rug in 6 of the best selling Cannes colours.
- Newton:** 50% Wool/ 50% Viscose in 4 neutral shades with a bright coloured edge.
- Picasso:** Hand Knotted 100% Bamboo in 4 colours.
- Singapore:** 100% Polyester luxury shaggy with a very density high/low pile in shades of Taupe and Grey, available Spring 2016.

As well as standard sizes available from stock, we also offer a bespoke service where we will make a rug from our rug programme, in a custom made size. The width will depend on the rug selected, but can be up to a maximum width of 4 mt.

For bespoke rugs from our **Connoisseur** and **Campeone** broadloom collections, the maximum width is 5 mt.

Please note that **Serena** will be discontinued and is not shown on the new price list. Check with our office for stock availability before placing any orders.

Connoisseur Collection

No changes.

Campeone Collection

Don't forget we offer a free sampling service for broadloom ranges. Email your customer details to Mark Broster: mark@jcagencies.co.uk and a 10cm cutting of your customers chosen range/colour will be dispatched directly to them.

GENERAL TERMS AND CONDITIONS

- 1) Claims/complaints. All carpets should be inspected prior to installation, we will not accept claims for obvious faults in manufacture once a carpet has been cut and installed.
- 2) Cancellations. Orders cannot be cancelled once a carpet has been cut or despatched, or if a dye shot or trial has been approved and confirmed back.

- 4) Prices. All orders are accepted subject to the price ruling at the time of despatch unless a prior agreement has been made in writing.
- 5) Size tolerance. We make every effort to manufacture the correct size, however slight variations are sometimes unavoidable by plus or minus 1.25% this is allowable under BS clause 3 British Standards 3644 1974.
- 6) Colour matching. Whilst every effort is made to match to samples provided these samples should only be used as a guide and not an exact match, we do not guarantee exact matching between mixed widths, unless by special production by prior agreement.
- 7) Cut lengths. Minimum order for 4.00m and 5.00m wide is 2.50 lin meter.
- 8) Payments. The goods remain the property of the seller until paid for in full. We reserve the right to charge interest at the current bank on a daily basis after the due date of our invoice.

ADVICE ON PRODUCT CARE/CARPET FACTS.

Maintenance

Regular vacuuming is recommended to help keep the carpet in good condition and remove dust and dirt.

Cleaning

Professional cleaning recommended, please refer to the factory for more information.

Shading

Over time regular foot traffic will flatten the carpet in regularly used areas, this will cause the carpet to show areas of differential shade in appearance, this phenomenon happens to all carpets with a pile surface and is not accepted as a basis for complaint.

Natural Yarns

In some of our products we use natural yarns, these are made by blending different yarn types, and this can cause irregularity in the appearance of the carpet and are not considered the basis for any claim.

Production

Most of our product is hand tufted and as such small irregularities are present, this would not be considered the basis for claim.

DELIVERY TERMS

Damage, Shortage, or non-delivery claims to be submitted within 14 days after delivery. Damage must be declared in writing to the carrier at the time of delivery.
