## TERMS AND CONDITIONS OF SALE

1. Cut lengths incur 25% cutting surcharge on the roll list price, on stocked items.  
Please note if you purchase a full roll and require this cut to lengths, there will be a charge of £3.20 per cut. Customers requiring cut lengths only of the same colour will pay a surcharge of £3.50 per cut over three items.
2. Carriage paid on all orders within our normal delivery area. Outside our area by cheapest means. However if you arrange a day for delivery via our vehicles, and the delivery is aborted or failed through no fault of our own there will be a £50.00 re-delivery charge.
3. Small order delivery charge will be made on orders totalling less than £125.00 (excluding VAT) of £20.00 for all customers. **Plus any Weld Rods ordered without materials, there will be a £20.00 surcharge for this service**
4. Any time or date for delivery given by the Company is given in good faith but are estimates only and the Company shall not be liable for the consequence of any delay.
5. Any orders given over the telephone should be confirmed in writing. If they are not mistakes cannot be rectified afterwards. Cancellation of an order, or part of an order by the customer shall be on such terms as agreed by the Company in writing.  
Any orders placed for non stock items, a handling charge will occur if the order is cancelled.
6. If the Company agrees to the return of any goods ordered by the customer, the customer shall be liable to pay the Company a re-stocking charge. The charge will be based on each individual order.
7. No-delivery of the whole or part of the consignment, damage and shortages must be notified to us immediately. If goods are not opened on delivery sign "GOODS RECEIVED BUT NOT EXAMINED". No cancellation of orders will be accepted once the material has been cut or dispatched.
8. The invoice being paid must be by the 20th of the month following. Which is stated on the invoice under the despatch date. Any Special or Project pricing that are given are strictly nett no settlement terms. We reserve the right to issue a further invoice to recover any discount allowed on invoices which are in default.
9. When an invoice is overdue for payment or when a credit limit has been exceeded the Company reserves the right at its absolute discretion to withdraw credit terms.
10. Any payments left outstanding after the due date are liable to interest of 2% above base rate as advertised by the Bank of Scotland, together with any third party costs involved in the recovery of any outstanding sums.
11. Any price shown or quoted may be varied without prior notice and orders are accepted only on condition that they will be invoiced at the price ruling at the date of invoice. All prices are subject to the addition of VAT.
12. We cannot be held responsible for estimates given verbally unless confirmed in writing. Technical information supplied in data sheet and letters are based on results achieved and is given in good faith. Materials and site conditions vary and application is beyond our control, users should therefore ensure by prior testing that the product is suitable for their requirements. No liability is accepted for loss or damage arising from the use of the Company's products.

PLACING AN ORDER IMPLIES ACCEPTANCE OF THE QUOTED PRICES AND TERMS

## AQUAJET

Sometimes creative concepts call for representation of fine detail. Aquajet, the Company's precision eco-cutting system will help achieve this and allows the imagination to run free.

### ARTWORK

For bespoke images an exact representation should be submitted. Usually this is in the form of a bromide quality print of at least A4 Size or Electronically with image in a DWG or DXF file. Alternatively, high quality black and white artwork with sharp black lines. Supplying your image in one of the above formats will reduce the time to produce your floor.

Please contact us for advice if you are unable to supply your image in any of the above formats.

### PRICING FOR BESPOKE PATTERNS

#### price on application

(this will include design time transferring onto our CAD system but not design origination or concepts. The area will be calculated as the area of the rectangle surrounding the motif).

### PACKAGING & SUPPLY

Where possible each image is supplied pre-assembled, otherwise each element is clearly identified to help installation.

### CLEANING AND MAINTENANCE

Your Aquajet does not require any specialist maintenance procedures nor does it require to be seam welded.

The tiles and designs listed below are manufactured and distributed by J De Bruyn Limited and are cut from Marmoleum Marbleds

Please note these tiles should be installed within 10 days maximum, as they are not dimensionally stable until they are fitted.

**These tiles and designs can be cut from Marmoleum Solids and Vinyls at an extra cost of £5.00m<sup>2</sup>**  
(Excluding Safety Flooring)

Orders exceeding 50m<sup>2</sup> could attract a discount

**STANDARD SIZE TILES PRICE PER SQ. METRE**

**(Inclusive of all Materials used and Cutting Charges. Minimum Order £60.00)**

## M.D.F. SUB-FLOOR SYSTEM "QUICKFIT" SARLIBASE & VINYL BASE

NETT ITEMS

M.D.F. Sub-floor System "Quickfit" is a loose laid underlayment where you can go over timber or concrete sub-floor without any fixing to sub-floor. You just lay the 2 sheets on top of each other with staggered joints then roll with 150lb roller. Your floor is now ready to fit and fix your floor covering to it. (Leaflet available on request).

## **COMPANY PROFILE**

Jim Brown set up J De Bruyn in 1978 as a distributor of Forbo-Krommenie and Laybond Products, located in Forest Gate, East London.

We moved to our current site on the Orient Industrial Park in Leyton in 1982.

Our Company was appointed Forbo-Nairns major U.K. stockist in 1985, following the Forbo group's acquisition of Nairn, from Unilever.

Over the years we have gone from strength to strength with our Tile and Design cutting facility, let alone our well-known stock holding of Forbo contract floor coverings.

Currently we have taken in additional products of the Forbo group to compliment their ranges of contract floor coverings. This includes the Coral Entrance Carpeting.

'QUALITY BY ASSOCIATION'

AND

## **IFDA** *INDEPENDENT FLOORCOVERING DISTRIBUTORS ASSOCIATION*

IFDA was formed in 1987 by a group of independent distributors. The idea being to maintain a link with others of similar interests whilst keeping an independent attitude within ones own company.

## **IFDA** - *LINK*

As a result of the IFDA successfully growing across the country it is now possible to offer you a nationwide link to a reliable supply of goods when your fitters are working away from home.

Just think of the times when your fitters have phoned to say they can't finish a job because they are short of various items - it could be bags of screed or a roll of lino.

## **IFDA** - *WHAT DO YOU DO?*

Ring J. DE BRUYN who will organise for your fitter to collect the Goods from a local IFDA Member.

You will receive an Invoice from J. DE BRUYN, of which there will be no discounts available via this service.

The IFDA-Link Service has been arranged by the IFDA in a sincere effort to offer a more complete service to our own customers.
