KERSAINT COBB & COMPANY

THE NATURAL FIBRE & OAK FLOORING SPECIALISTS

# The Natural Fibre and Oak Flooring Specialists

Walk across the world...

The hills of New Zealand, the beaches of India, the forests of Asia, the deserts of Africa and South America and the cosmopolitan styling of Europe.

These are just some of the places where the story of our beautiful natural floorcovering range begins.

Subtle shades and rich tones have been sourced from the finest producers across the world. Their natural surroundings provide the inspiration for our traditional and modern designs that will bring character and richness into your home.

Explore our products and discover a creative and diverse collection of natural fibre floorcoverings.

From the softness and warmth of wool to the exciting textures of grass, jute, coir and sisal, our selection reflects the variety and beauty of the natural world in which we live..

# Oak Flooring

At Kersaint Cobb we are ecologically minded and fully committed to respecting the environment. Our wood flooring is sourced from well established and reliable mills in various countries. All have been inspected by ourselves and have high credentials with regards sourcing raw materials from well managed and commissioned forests. All our products comply with EUTR legislations.

The most popular style of Oak flooring in the UK is for a rustic grade plank and the majority of our collections reflect this. This timber has survived many seasons and has lots of stories to tell, which is reflected through its character appearance which has colour variances, large and small filled knots and cracks, and sapwood all of which add to the natural beauty and individuality of our floors.

"The only thing we guarantee with our Oak is that every plank will be different; you wouldn't find identical twins in a forest, embrace nature"

To help you decide on the style that best suits your home we have introduced a "Grading scale" for all our ranges, this simple slide rule guide will advise you how much variation in colour, or frequency of knots you can expect in each range. The scale will be shaded from 1 - 5 and where the coloured bar stops is the general guide to frequency, 1 & 2 are low and you should expect a higher grade of product with minimal colour variation and small less frequent filled knots, whilst 3 & 4 allow for a greater variation of both colour and knots and include sapwood. All knots will be filled in either black or brown filler, your sample will display this, or view our product gallery at [www.kersaintcobb.co.uk](http://www.kersaintcobb.co.uk) to see full lifestyle images of all our Oak floors. Please make sure you discuss the final visual appearance of an installed oak floor with your consumer to avoid any grading issues.

## Knots

## Colour variations

1 = small knots / little colour variation,  
5 = larger more frequent knots / greater colour variation

Each collection offers different plank lengths, some fixed and some random, but to help explain this we have introduced a simple drawing that you can find in the introduction to the range.

 This symbol indicates that particular design is suitable for use with underfloor heating.

PLEASE NOTE: our solid products can NOT be used with underfloor heating.

# Grading Explained

**Knots**

**Colour Variation**

**Sapwood**

## **Colour Variation**

Natural colour variations occur in all rustic grade oak. This is a beautiful feature that can bring warmth and character to your installed floor. Evenly distributing these colours pre-installation will allow your installer to produce a truly unique floor.

Ask your installer to discuss this before installation.

## **Knots**

Appears as an integral feature of rustic grade timber, they will vary in size and shape and give real character to your installed floor. Knots will be sympathetically filled often using black or brown filler to enhance this feature.

Ask your installer to discuss this before installation.

## **Sapwood**

Appears lighter in colour and is formed from younger outer areas of a tree. Randomly blending planks that display sapwood, can enhance this natural feature and your complete floor.

Ask your installer to discuss this before installation.

# Simply Oak

Rustic, European Oak available in 8 options with a tongue and groove installation system.

of a Kersaint Cobb  
Oak Flooring...

# Terms & Conditions

## 1. Terms of Payment

1.1 The Seller shall invoice the Buyer for the goods immediately following delivery. Where agreed, settlement discount will be allowed on a discretionary basis when the payment for goods is received up to the end of the month following the date of invoice.

1.2 If the Buyer fails to pay on the due date, the Seller shall be entitled to:

1.2.1 the immediate payment of all outstanding payments on the Goods or any other goods, services or works under any contract even if payment is not due and irrespective of any credit facilities;

1.2.2 charge the Buyer interest at the rate of 2.5% per month on unpaid amounts until payment is made (a part of a month being treated as a full month) for the purposes of calculating interest); and

1.2.3 charge the Buyer the cost of recovery of any unpaid amount including any legal costs, disbursements and bank charges incurred.

## 2. Prices

All orders accepted subject to the conditions that prices charged will be those ruling at the time of despatch.

## 3. Cancellations

Cancellations which must be confirmed in writing, can only be accepted prior to goods being cut or dispatched.

## 4. Returns

When goods are returned solely on the account of customer error, we will only issue credit amounting to that obtained for the goods on resale less 15% handling charge. In cases where goods returned are seriously damaged in transit due to inadequate packing or failure to roll the carpet up properly, credit for scrap value only can be accepted. Any carpet which is returned is at the customer's risk and should be clearly marked with the sender's name and address.

## 5. Insolvency of Buyer

5.1 This clause applies if:

(i) the Buyer makes any voluntary arrangement with its creditors or (being an individual or firm) becomes bankrupt or (being a company) becomes subject to an administration order or goes into liquidation (otherwise than for the purposes of amalgamation or reconstruction); or

(ii) an encumbrancer takes possession, or a receiver is appointed, of any of the property or assets of the Buyer; or

(iii) the Buyer ceases, or threatens to cease, to carry on business; or

(iv) the Seller reasonably apprehends that any of the events mentioned above is about to occur in relation to the Buyer and notifies the Buyer accordingly.

5.2 If this clause applies then, without prejudice to any other right or remedy available to the Seller, the Seller shall be entitled to cancel the Contract or suspend any further deliveries under the Contract without any liability to the Buyer, and if the Goods have been delivered but not paid for the price shall become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary.

## 6. Duplicate Orders

In the event of a telephone order or verbal order being duplicated due to failure on the part of the customer to mark the confirmation order as such, credit will be admissible only within the terms stated above, under the heading 'Returns.'

## 7. Size Tolerances

Whilst every effort is made to manufacture the Correct size, slight variations are unavoidable and a tolerance of plus or minus 1.25% is allowable in accordance with Clause 3 of British Standards 3655 1974. It is advisable therefore that the consumer be recommended to order 1% more length than is required.

## 8. Specifications

Operating a policy of continuous improvement, we reserve the right to modify material construction and specifications without notice.

## 9. Complaints/Claims

All goods should be inspected by dealer prior to installation as claims resulting from visible defects cannot be entertained after the carpet has been cut or fitted. Any complaint that arises on goods already fitted can only be considered once the installation has been inspected by dealer and the details submitted on our official complaints form, a copy of which will be supplied on request. We can accept no liability for consequential loss or damage not due to circumstances beyond our control or that of our suppliers.

## 10. Deliveries

Anticipated delivery dates are given in good faith and whilst every effort is made to ensure they are met this cannot be considered as the essence of any contract. Therefore on the rare occasion that a delay does occur we are not able to accept liability in the event of any corresponding claim.

## 11. Passing of property

All goods are at the risk of the customer as soon as they are delivered or collected, but the property and ownership of the goods will not pass until payment in full, of all outstanding invoices, has been received by the Company.

12. We endeavour to accurately replicate each of the products but they are a guideline only and may not be a true representation of current stock in shade, weave and texture. We strongly recommend you take full advantage of the sample service we offer before making a final decision.
