Design Floors

Seriously ecological

All our luxury vinyl floors are manufactured in an ecologically responsible way at our factory in Belgium, which is equipped with three wind turbines that provide a third of the factory's energy needs.

Every design contains up to 50% certified recyclable materials and all inks and PU top layers are water-based.

£25 surcharge applies to all other orders. Standard delivery included in the price - additional delivery charges of £25 per consignment will be applied for all orders sent to an address other than the registered account address.

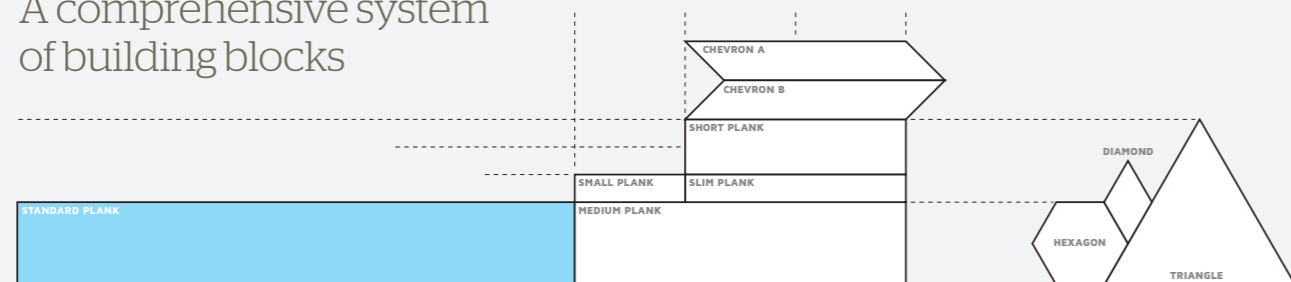

Create a quality floor to fit your personality

At Moduleo® we believe that your interior should reflect your identity, whether at home or in the workplace.

That's why we offer the Transform and Impress ranges, a complete collection of stunning quality vinyl flooring across a wide spectrum of styles.

A comprehensive system of building blocks

Rectangulares

The first group of special formats are the rectangulars: a group of planks based on a width that is always exactly 4 or 8 times the height of the plank.

Additionally, every rectangular plank is exactly half, double or a third of the size of the other planks, ensuring a maximum flexibility and compatibility to create harmonious flooring patterns.

Geometrics

The second group of special formats are the geometrics: three shapes that interlock at oblique angles to create a family of intricate and daring kaleidoscopic patterns.

10 UNIQUE & CREATIVE FORMATS + 14 HIGH QUALITY WOOD & STONE TEXTURES + 15 PATTERNS FROM MILD TO WILD = MORE THAN **110** UNIQUE AND EXPRESSIVE COMBINATIONS

Installation instructions

Moduleo MOODS® floors are installed using the traditional Dryback installation. For detailed installation and maintenance instructions, please visit our website.
