## V4 WOOD FLOORING®

A family run business based in the South of England and now with a second hub in the Midlands, V4 Wood Flooring specialises in providing quality hardwood flooring through a network of specialist approved retailers, who are able to offer independent advice and expert installation service so that your floor should last a lifetime.

### WHAT ARE V4 DOING FOR THE ENVIRONMENT?

As a leading brand of hardwood flooring within the UK, V4 Wood Flooring are committed to sustainability and always looking for new ways to lessen the impact the flooring industry has on the environment.

### LESS IS MORE

V4 has taken the bold decision to remove solid hardwood planks from the Collection, replacing this range with more floors which have just a solid hardwood wear layer backed on engineered bases made from fast growing, spruce, poplar and birch wood. By doing this the yield from a single tree is increased by up to 60%, meaning less slow growing trees are used. This is key as the popularity of hardwood flooring increases worldwide and it is hoped that the rest of the industry follows this more sustainable path.

### RE-FORESTATION

It is a common misconception that hardwood flooring is a cause of deforestation. Our timber is only sourced from well managed and sustainable purpose farmed forests. This means that only mature trees are selected for harvest. And for each one of these trees felled several more fast growing saplings are planted for the next generation.

### WOOD FLOORING IS A CHOICE FOR LIFE

Unlike deforestation where the trees are burnt and the harmful carbon emissions let into the atmosphere, the trees harvested for wood flooring are processed and installed into homes therefore the carbon absorbed by the tree never escapes into the atmosphere. Once installed unlike many other products on the market there shouldn't be any necessity to change or renew. Wood flooring can be kept clean easily, and well maintained it will last a life time. Instead of being replaced a worn floor can be eventually refinished and rejuvenated.

Wood replaces carbon-hungry alternatives like plastic, metal ceramics and concretes, which require a large amount of energy during production. The production of wood is highly energy efficient, giving wood products a lower carbon footprint.

# LANDSCAPES

Extra wide engineered European oak planks are finished by skilled craftsmen using traditional hand tools to plane and scrape the oak surface following the natural contours of the grain. Tool marks are deliberately made to add extra character to the undulating surface which is further accentuated with muted natural colours and finished with hardwax oils.

# European Boutique Vestige Reclaimed

## Genuine Reclaimed

These are floors steeped in history. Oak floor boards, beams, posts and trusses salvaged from ancient agricultural buildings in the forgotten rural enclaves of the old Soviet block Eastern Europe.

Oak timber is selected and sawn into thick rough hewn top layers some showing the wear of 300 years whilst others are internal slices with deep stained markings that only come with the grain of aged timber.

This is genuine reclaimed oak backed onto FSC® 100% certified birch ply with precision tongue and grooved joints ready to install in any environment offering ultimate stability with the mixture of modern engineered hardwood ply and centuries old seasoned timber.

# TERMS AND CONDITIONS OF BUSINESS/ FEBRUARY 2019

---

## 1. GENERAL

1.1 All agreements (each an "Agreement") for the supply of goods ("Goods") by V4 Woodflooring Limited (the "Company") to the buyer ("Buyer") will be subject to these terms and conditions ("Terms and Conditions", or "Ts&Cs"); in dealing with Company, it is accepted by Buyer that these Terms and Conditions shall apply to any and all Agreements between Company and Buyer, to the exclusion of Buyer's own terms and conditions.

1.2 Each Agreement between Company and Buyer comprises: (i) an order form or other written contract ("Order Form") signed by both parties, specifying Goods ordered and their price, plus (ii) these Ts&Cs; plus (iii) Company's legal notices (referred to below in clause 14 of these Ts&Cs) which Buyer can access in hard copy form at Company's offices and / or via Company's website ("Website").

1.3 As a trader ("Trader") you are placing an order for goods other than as a consumer, so these Terms and Conditions apply to your order and the contract between us. (For your convenience, "Trader" is defined by statute as: "a person acting for purposes relating to that person's trade, business, craft or profession, whether acting personally or through another person acting in the trader's name or on the trader's behalf".)

1.4 In the event that these Ts&Cs and / or the Website contains any element to which the user of either or both of these is unwilling to give their agreement, then one or both of the following will apply, as appropriate: (a) the user will be unable to contract with Company; and (b) the user must immediately cease to use the Website.

## 2. PRICES

2.1 Goods will be invoiced at the prices prevailing at the date of despatch unless prior arrangements to the contrary have been agreed in writing.

2.2 Company will offer Company's standard rate of supply prices to all entry level Buyers.

2.3 Notwithstanding what is stated in clause 2.2 above, after the passing of 4 months following commencement of a commercial relationship with any Buyer, Company may give discretionary preferential rates of pricing to that Buyer where that Buyer's orders can be calculated objectively to justify such a preferential rate due to that Buyer's good level of turnover with Company.

2.4 Without prejudice to what is stated above in clause 2.3., Company reserves the right to return the supply prices to the standard rate that applied at entry level if Buyer's turnover with Company drops and thus no longer meets appropriate levels of turnover to justify the preferential rates.

2.5 Preferential pricing may be available for certain remote areas (e.g. Cornwall).

2.6 Company reserves the right to vary quoted prices to take account of changes in manufacturing or other costs which may arise between quotation and delivery.

2.7 A new price list is issued periodically, but Company reserves the right to alter prices / specifications without notice.

2.8 All prices are subject to VAT (unless otherwise stated).

## 3. DELIVERY TO UK MAINLAND

### 3.1 ( See page 22 NATIONWIDE DELIVERY EXPLAINED)

3.2 All Goods are offered subject to not being sold on receipt of order, but rather with the sale being effected only on acceptance by Company of the order.

3.3 Company will not be liable for any loss, damage or expense of whatsoever nature and howsoever caused arising out of the failure of Company (whether due to non-delivery, late delivery, or otherwise) to fulfil and contract with Buyer, unless such loss, or damage, or expense arises as a result of any neglect or omission by Company alone.

3.4 Without prejudice to the generality of the provisions of clause 3.3 above, Company will not entertain any claim for non-delivery unless written notification of non-receipt is received by Company within 7 (seven) days of the date of the sending of Goods by Company.

3.5 In the event that Company accepts return of Goods ordered incorrectly by Buyer, Company may, at its unfettered discretion, make a reasonable charge for all expenses incurred as a result of Company thus accepting the return and Buyer will pay such charge.

3.6 Unless otherwise expressly agreed, time for delivery of Goods shall not be of the essence; Buyer shall not be entitled to cancel the order for late delivery or non-delivery, unless at the date of the order for Goods Buyer had given Company notice in writing of Buyer's intention so to cancel in the event that Goods were not delivered within the period proposed by Company for delivery.

3.7 Under no circumstances whatsoever shall Company's liability under an Agreement exceed the invoice price of the particular Goods forming the subject of the claim, except in so far as Buyer, prior to the conclusion of such Agreement, has given to Company notice in writing of any factors showing clearly that such liability would exceed the invoice price and provided also that Company had accepted this in writing.

3.8 Save as specified in clause 9.1 (i) below, delivery ("Delivery") shall be made as follows:-

(i) Delivery is "kerbside", therefore, in the context of these Ts&Cs, Buyer (whether, as appropriate: wholesaler, retailer, or end-user-customer of Goods) is responsible for moving Goods from the "kerbside" into the end-user-customer's home.

(ii) For the avoidance of doubt, the responsibility of Buyer extends also to arranging to have Goods brought up any stairs, whether leading to and / or inside the end-user-customer's home; Company can often provide assistance in this regard, but Company is not obliged so to do and the risk assessment in each case is at the sole and ultimate discretion of Company's driver or courier.

(iii) As deliveries are made by a single driver, such driver will often require assistance to unload large and / or heavy items of Goods; therefore, in the event that such assistance will not be available, Buyer is required to specify this unavailability at the time of placing the order for Goods, in which event Company may require to levy an additional charge for providing the driver with necessary assistance.

## 4. CLOSURE OF ACCOUNTS AND REFUSAL TO SUPPLY

4.1 Company reserves the right to close an account or to refuse to supply a Buyer where any of the following apply (though the list is not necessarily exhaustive):

(i) Where Buyer's business is consistently seen to be unreliable;

(ii) If the cost of delivery would be excessive;

(iii) Because of Buyer's poor presentation of Company's Goods;

## 4. CONTINUED...

(iv) Where there is a contractual dispute between Company and Buyer (e.g. a Buyer has not paid for Goods supplied by Company);

(v) If Buyer, without Company's authorisation, alters Goods;

(vi) Where the quantity ordered by Buyer is considered by Company to be insignificant; and

(vii) For the reason specified below in clause 6.7;

4.2 For the avoidance of doubt, Company will never close an account or refuse to supply on grounds that are unfair, or improper, or which cannot be justified.

## 5. COMPANY'S INTELLECTUAL PROPERTY

5.2 No person or entity other than Company may use the IP without the express, written permission of Company.

5.3 THE PERMISSION REFERRED TO ABOVE IN CLAUSE 5.2 IS GRANTED ONLY BY WAY OF A LICENCE ("LICENCE") TO BUYER, THE TERMS OF WHICH LICENCE ARE SPECIFIED BELOW IN CLAUSE 6 OF THESE Ts&Cs.

5.4 Company's IP includes (but will not necessarily be limited to) the following: patents, utility models, rights to inventions, copyright and related rights, trade marks, business names and domain names, rights in get up and trade dress, goodwill and the right to sue for passing off or unfair competition, rights in designs, rights in computer software, database rights, rights to use, and protect the confidentiality of, confidential information (including knowhow and trade secrets), and all other intellectual property rights, in each case whether registered or unregistered and including all applications and rights to apply for and be granted, renewals or extensions of, and rights to claim priority from, such rights, and all similar or equivalent rights or forms of protection which subsist or will subsist now or in the future in any part of the world where any of the foregoing IP subsists in Company's photos (whether of our Goods, or of other subjects); Company's data (by way of example, but not necessarily exclusively, its Goods' product codes); content Company has created (accessible in Website, its catalogues and any other 'fixed' media); formats created by Company and set down in Website, catalogues, other media / communications; Company's databases; and IP's contents and formats protected by laws around the World governing copyright / database rights.

5.5 For the avoidance of doubt, Company's IP is protected under the Copyright, Designs and Patents Act 1988, as amended from time to time.

5.6 Company takes the protection of its IP very seriously and will assertively pursue any unauthorised use of it, including any part or parts of it.

## 6. LICENCE TO USE THE INTELLECTUAL PROPERTY OF V4 WOODFLOORING LIMITED

6.1 Parties and Licence: this clause comprises a non-exclusive UK-wide, royalty-free licence for the duration set out in clause 6.7 ("Licence") granted by Company to Buyer (as "Company" and "Buyer" are defined in the Ts&Cs of which this Licence forms part); by this Licence, Company makes available to Buyer properties inclusive of any Company logo, brand or range name or photographs of Goods which are protected by the intellectual property ("IP") as defined above in clause 5.4, for use by Buyer only (i.e. Buyer cannot sub-licence) as set out in this clause 6.

6.2 Buyer's Agreement to accept Licence: BY AGREEING TO THE Ts&Cs, BUYER ALSO AGREES TO THE TERMS OF THIS LICENCE.

6.3 Same Licence for all Buyers: For the avoidance of doubt, the SAME terms of this Licence apply to ALL of Company's Buyers who are granted such a Licence.

6.3 Grant of permission to use IP: as stated in clause 5 above of the Ts&Cs, no person or entity other than Company may use the IP of Company without the express, written permission of Company, which permission is granted only by way of this Licence.

6.4 Definition of Buyer: An authorised user of the IP under this Licence may be referred to as "Buyer".

6.5 Consideration for Licence: as consideration for the right to use the IP under this Licence, Buyer must make reasonable orders of Goods from Company, on a regular basis ("Commercially Reasonable Orders", as defined below in clause 6.6.

6.6 Commercially Reasonable Orders: what will be regarded by Company as Commercially Reasonable Orders will be an objective calculation, based on:

(i) the amount by which Buyer's total purchases of Goods have dropped in any 4-month period; plus

(ii) whether Buyer has purchased any Goods during any 4-month period.

6.7 Duration and Termination: once commenced, this Licence will run for consecutive periods of 1 (one) year until / unless terminated by Company, at its sole discretion, for any of the following reasons: (i) on written notice of 1 (one) month; (ii) if Company elects to cease to supply Goods to Buyer as provided for under the Ts&Cs, including the provisions of this Licence; (iii) due to any unauthorised use of Company's IP, as referred to below in clause 6.13 of this Licence; or (iv) If Buyer is deemed by Company not to have placed Commercially Reasonable Orders, Company may, at its unfettered discretion, terminate the Licence, with immediate effect.
