CHECKING BEFORE CUTTING

All carpets should be checked for faults, colour, colour match and size before cutting. No free replacement can be made after the carpet is laid.

COMPLAINTS AND RETURNS

All carpets are checked before despatch. In the event of complaint this must be notified in writing and authority obtained from customer services for any returns. Goods must be in perfect condition or they will only be credited at scrap value. All carpets returned must be wrapped and cored prior to collection and must be in no way defaced. SIZES

Whilst every effort is made to manufacture the correct size, slight variations are unavoidable. An allowance of 1.25cm per metre should be allowed for when ordering.

MAINTENANCE OF CARPETS

We recommend the regular use of an upright vacuum cleaner, with beater bar, for cut pile twist carpets. For loop pile carpets, we recommend the use of a "suction only" vacuum cleaner.

PILE REVERSAL/SHADING

Pile reversal/shading are not considered to be manufacturing faults. We use Independent Inspectors who provide unbiased professional reports, upon which we base settlement. Please note, if a second opinion is required, this will be at your own cost.
