I prefer living in colour

Add effortless style in the blink of an eye.

Colours evoke emotions from the people who reside within a space. That's why this collection's **18 colourways** represent a broad spectrum of colour and tone.

These sister ranges, Finesse and Caress have a matching colour bank, and each colour is chosen specifically to effortlessly blend with your interior, or to create a wow factor.

So whether your customer is subtle and subdued or bold and brave, there is a carpet colour match for everyone!

By combining a special yarn system and a **1/10th gauge construction**, we have created two new carpets that are beautifully soft but extremely

durable. Just the ticket for those busy households. Caress and Finesse use different pile weights and depths to balance affordability and luxury throughout the home. Caress (the big sister) comes at an even deeper weight, providing more luxury and comfort.

Paired with a **10 year wear warranty, bleach cleanable** properties AND our original and best **stainfree for life guarantee**, these sibling ranges are perfect for those inevitable 'oops!' moments. They guarantee this carpet will look amazing for years to come.
