Good afternoon, Gail (and Georgia).

Nice to speak with you this afternoon, and I can confirm that the following samples have been arranged to be sent to both of you:

All 100% Wool

1. Rosskeen Loop T&C ROS-600 (£42.40m2 / reduced from £53.00m2)
2. Porto POR-116 (£37.58m2 / reduced from £41.75m2)
3. Cotswold Buckland (£41.85m2 / reduced from £46.50)
4. Cotswold Bourton (£41.85m2 / reduced from £46.50)

As you have expressed a requirement to include a runner as part of the estimate we will provide, please take a few moments to answer the questions below to ensure we quote you accordingly.

Please reply to this email with each 'Customer Selection' completed with your requirements. Thank you.

1. STAIRS: Would you like runners fitted to ALL stairs or just the FIRST (main) flight of stairs ?
(the remaining stairs & landings would be fully fitted unless otherwise stated below)

Customer Selection: all stairs

2. LANDINGS: Would you like the landings to be FULLY FITTED (skirting to skirting) or TEMPLATED as a runner to match the stairs ?

FULLY FITTED

TEMPLATED

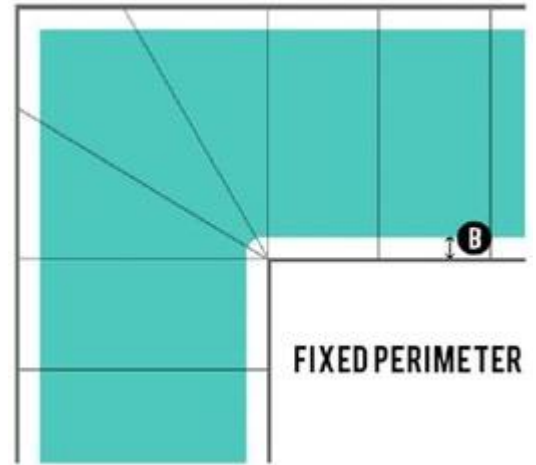

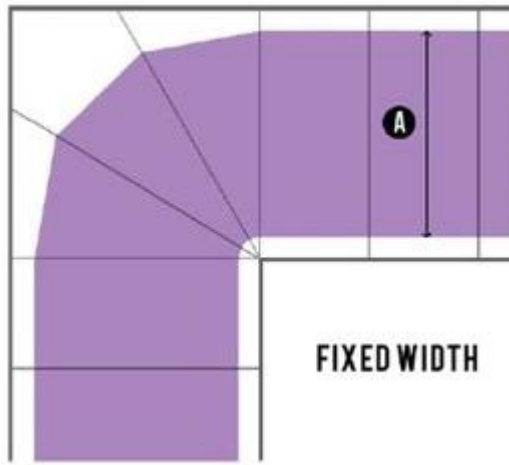

Please note the edge of a fully fitted landing would be fitted as below

Customer Selection: templated, NB there will not be any carpet on landings, the carpet will finish at the underside of the riser

3. Would you like fixed WIDTH or fixed PERIMETER installation to the stairs?

Fixed Width: the runner has a fixed width, which means the distance from the carpet to the edge varies around corners and bends. The line marked A is the width of the runner.

Fixed Perimeter: the runner has a fixed perimeter from the edge, which means the width of the carpet varies around corners and bends. The marked B is the width of the perimeter between the runner and the edge.

Customer Selection: fixed perimeter

4. If you have selected 'FIXED WITH' please confirm the RUNNER WIDTH (A) required (e.g. 70cm wide)?

Note: A typical runner on a standard staircase would have a gap on either side of 10cm (e.g. 90cm wide stairs with a 70cm runner, 10cm exposed on either side)

Fixed width (A):

Customer Selection:

5. If you have selected 'FIXED PERIMETER' please confirm the width of the exposed wood at the edges (B) (e.g. 10cm)?

Fixed Perimeter (B):

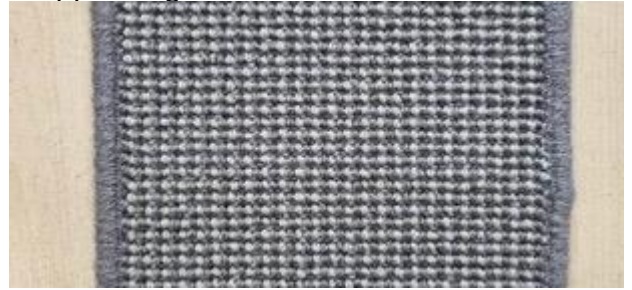

Customer Selection: TBC on site at survey

6. Do you require the runner to have TAPED or WHIPPED edges ?

Taped Edges

Whipped Edges

Note: Multiple colours are available in case you require a 'close match' or contrasting colour edge to the runner

Customer Selection: taped

7. Do you require stair rods to be fitted, and if so which finish do you require ?

- a. Solid Brass
- b. Faux Brass
- c. Solid Silver
- d. Faux Silver
- e. Other (please state below)

Customer Selection: none

Thank you for the information and we will use this to provide your estimate. Note: Any changes to the above will require a revised estimate to be provided.

IMPORTANT NOTE

The process of fitting stair runners to a staircase requires the gripper fixings to be nailed and the carpet is hammered into the gripper to tension the carpet. This process can cause minor cracks in the painted edges. Whilst every care is taken by our installers we cannot be held responsible if the paint at the edges requires touching up after installation.

Regards,
Pete
