APPROVAL DRAWING ONLY
NOT FOR MANUFACTURE

As far as possible, accurate assessment of the amount of material required to install the floor shown has been made. Invoices will show the total amount of material supplied including wastage and will be prepared on the basis of the drawings and dimensions stated. All perimeter material will require cutting to suit on site. All border strips are supplied in full 36"(914mm) lengths and must be trimmed and mitred to suit on site unless otherwise stated. To ensure compatibility of AMTICO design floor components it is essential to quote this drawing number when placing order. All dimensions are in millimetres unless otherwise stated. Tolerances: - 0"-9" (0mm-229mm) ± 0.01" (0.25mm) 9"-12" (225mm-305mm) ± 0.015" (0.375mm) 12" > (305mm) ± 0.020" (0.5mm)
