Instructions for Alan Friday 25th September for R16915 Elling

Alan - any problems ring Richard as I am away

We are fitting this carpet on Monday the 12th October but the stair rods take 2-3 weeks to order in Chrome so please cut the runners and then go to Site and template the winders.

Also when templating the winders can you measure the width of the winder across the width of the winder so we know the width.

PLEASE GIVE US THE NET WIDTH AND WE WILL ADD THE 10cm TO IT FOR THE STAIR RODS.

Return the winders to the warehouse for BH to collect with the straight flights.

PLEASE RETURN THE SHEET BELOW TO WAREHOUSE MONDAY 28th AND MAKE SURE THEY SEND TO RICHARD TO ORDER THE STAIR RODS

10x3

Ground - 1st Floor

Stair No	Runner width	Stair Rod Width	Quantity
S1	.69cm	.80cm	1
