 Sheet: of: A2485L

The existing Carpet is damaged (flood damage) along the edge by the patio doors onto the roof terrace.

Remove damaged Carpet + fit 2 Steps Walnut Planks and fit Carpet to Wood.

* KEVIN. SPEAK TO DG BEFORE GOING TO SITE.

↑
 Cut off tongue on 1 Row and batt up to Window threshold.

fit wood without any expansion gap
 fit 2 Rows wide. Stick wood to Concrete floor and try to set height of wood to be flush with the Carpet.
