Hi Ryan

I have attended site today to walk the job with the tenant to discuss what we expect when our fitters arrive at the home should you place your order with us. We have done this so that ALL parties are aware of what is expected to ensure a hassle free installation.

The areas and agreements with Mrs Palacios are as follows:

- Loft Bedroom – customer to clear desk, large bookcase and toys from room (not piled up on the bed or in the corner of the room). Customer to empty half the water from the fish tank and be present when our fitters help move it. We would prefer to have the fish tank removed by the customer but she is unable to do this so we have offered to help move this item and will take NO RESPONSIBILITY for any damage should it occur.
- Front Left Bedroom – customer to clear desks of electrical and personal items. All clear 2x bookcases of all books
- Front Right Bedroom – there is no issue with this room
- Rear Bedroom – customer to empty chest of drawers and large wardrobe. The large wardrobe will also need unscrewing from the wall prior to our arrival. I have pointed out to Mrs Palacios that the screw holes may not line up with the existing holes when the wardrobe is put back in place if the new carpet is thicker than the existing material therefore may need to be slightly adjusted when the customer screws the wardrobe back against the wall. It was noticed on my visit today that there is slight damage/delamination at the bottom of the side panel of the wardrobe. This isn't a problem for us but just wanted to point it out.

The addition to your quotation sent on Monday 5th August is **£126.00** for us to move and replace furniture based on the above points being met.

I hope all of the above is clear.

If you have any questions, queries or you wish to proceed and place an order please contact us on 020-8876-9126

Regards

Richard Clough
