

S31673 Earl – Kevin Thursday 12th September

- Go to site and take up ALL runners that have the tape with the left hand side running in the opposite direction as the right hand side. Take great care when taking the carpet up to mark which side of the tape needs replacing and the direction and location of each piece that you take up.
- Take uplifted carpet to Kasias Karpets (16 Progress Business Park, Progress Way, Croydon, CR0 4XD). See Steve when you are there for payment for todays work.
- Return to site and re-fit runners on same day.
- Any problems Call Rich @ Sheen.
