

Instructions for fitting W12603 – Please follow exactly as arrangements are made with tenants.

Adrian

There are 5 houses and the plot numbers are left to right from the road.
Plot 1 is the far left house down the ramp.

We are carrying out the work as instructed by Julie at Patrick Gardener Lettings

On Arrival to site please carry out the works in this order.

1. On arrival please ring Julie on 01372 360444 and she will tell you if the tenant is in at plot 4. If not they will send somebody down with a key.
2. Please complete plot 2 first as the tenant has to go out at 3.30.
3. Complete plot 4 when keys arrive or next if tenant in.
4. Complete plot 1 last as tenant in all afternoon.
5. Can you call to plot 5 and measure the master bedroom for me to replace carpet as there has been a fire in the room. Also look to see if you think the underlay may be damaged.

Works to carry out.

Plot 1). First floor landing fit 4 x 12mm shims at edge of stairs to raise carpet. Top landing fit 1 x 6mm shims at edge of stairs to raise carpet & re stretch carpet into top floor bathroom.

Plot 2). First floor landing fit 4 x 6mm shims at edge of stairs to raise carpet.

Plot 4). First floor landing fit 4 x 12mm shims at edge of stairs to raise carpet.
